# EAT is healthy, wholesome and tasty school lunch

## EAT is The City of Copenhagen's School lunch

EAT is currently available at 45 schools, where we daily serve between 4-6000 meals.

Every EAT meal is cooked from scratch in our EAT production kitchen. After that, the food is delivered to each of the schools, where our EAT staff make the final preparations, so we can serve a freshly prepared meal to the pupils.

Our menu is a variety of well-known dishes, many of which are favourites among children, but we also try to introduce new dishes that allow the children to taste something different.

Every day we offer two different menus, **DIS** and **DAT**. One of the two daily meals is a vegetarian dish. In addition to the **DIS** or **DAT** menu, you can order **PLUS**, which is a whole-wheat roll.
